Mission Statement

The Bristol Harbour Community Center is to be used to promote recreational, social and educational activities for residents of Bristol Harbour Village.

Residents of Bristol Harbour have long recognized the uniqueness of this area. One of the qualities that gives this area a special charm is its commitment to community life and its rich tradition of social and cultural activities.

As early as 1971, residents recognized the need to provide a facility that would promote and enhance the community. The need was met with the construction of the 2,200 square foot Caprini Center.

In the past 10 years, Bristol Harbour Village has witnessed an upswing in population and the construction of many new single-family homes. The Caprini Center, was no longer adequate to fill the needs of the community as outlined in the mission statement.

In October 2006 the residents of the community overwhelmingly agreed to fund the construction of a new community center. The new \$500,000.00, 5,650 square foot Bristol Harbour Community Center, located on the site of the Caprini Center was officially opened on September 2, 2007.
